## DIRECTORY OF PUBLISHERS

*Publishers are invited to send us their Telegraphic Addresses and Telephone Numbers.*

*Those sent will be found below between square brackets [ ], and separated from each other by a semicolon ( ; )  
The Editor will be glad to be notified of any inaccuracy in the following lists for correction in subsequent volumes*

This list of Publishers, with their Addresses, has been compiled principally with a view to supplying information regarding the books in the English Catalogue. This will explain the inclusion of some firms in the list who can scarcely, in the strict acceptation of the term, be called Publishers, since the publication of books forms only an occasional portion of their business.
